

# NAM Invites You To Participate In Our First Quarter 2011 Major Mediation Day

NAM invites all claims personnel and plaintiff firms to participate in what will likely be NAM's largest volume, single-day settlement initiative in the first quarter of 2011. NAM will be making available many of New York's top-rated Mediators to facilitate the resolution of a significant number of claims. In the fourth quarter of 2010, a dozen carriers participated in this type of event. In addition to more than 30 plaintiff firms, the company expects even greater carrier participation for their March 2011 Mediation Day. This is an excellent opportunity for program participants to settle cases with several carriers and multiple firms in one day and at one location.

Thus far, participating carriers will be: Seneca, Zurich, Nationwide, ELCO, Gallagher Basset, GAB Robbins/GB, Liberty, Lancer, York, Utica First, Farmers/21st Century and Travelers.

NAM, New York's premier ADR Administrator, will be coordinating the event and providing its services in an effort to facilitate a high number of case settlements.

**When: Thursday, Mar. 24th, 2011**

**Where: NAM Garden City,  
990 Stewart Avenue,  
First Floor, Garden City  
New York 11530**

Mediators: Hon. John P. DiBlasi, Hon. Harold B. Beeler, Hon. Bertram R. Gelfand, Kenneth Grundstein, Esq., Hon. Randolph Jackson, Hon. Patrick A. Sweeney and Hon. William C. Thompson. Additional mediators will likely be named.

If you have cases that you would like to negotiate for possible settlement that are "ready for mediation" (all medicals/reports/authorizations have been sent) and would like to have them scheduled on 3/24/11, please contact your NAM Account Executive at Tel # 516-794-8950, Fax at 516-794-8518 or via Email at [customerservice@namadr.com](mailto:customerservice@namadr.com).

You can call or email your case submissions. Please include the following information:

- Your name, firm name & phone #
- Full name of your client and full case caption
- Carrier, adjuster, phone #, claim # & DOL
